

## Syllable Division Rules

1. Divide between 2 consonants (rab-bit, mon-key)
2. Divide between 2 words (sail-boat, lip-stick)
3. Divide before and after blends (trans-fer, brink-man-ship)
4. Divide before 1 consonant (mi-ner, o-bey, to-ma-to)
 

Exception: Latin words divide after consonant (lim-it, met-al)
5. Vowel teams that don't make a sound (underlined and red in chart below) divide between vowels (ra-di-o, me-ow, cas-u-al)
 

Exception: some Latin words divide between 2 vowels that normally make another sound (di-et, con-gru-ent)
6. Divide after prefixes (pre-fix, be-fore)
 

Divide before suffixes (hap-pi-ness, faith-ful, sleep-ing)
